What is covered: BodyGuardz warrants to the original purchaser that if this
product proves defective in materials or workmanship for 1 year from the date of
proof of purchase, it will be subject to the terms of this warranty and may be
replaced at BodyGuardz option.

Limitations and exclusions: This warranty does not apply to any product which
has suffered through normal wear and tear, accident, alteration, improper
installation, physical abuse, misuse or neglect. Damage resulting from an act of
God, including but not limited to fire, flood, earthquake and other natural disasters
will be excluded. This limited warranty is in lieu of all other warranties, express or
implied either in fact or by operations of law, statutory or otherwise, including, but
not limited to any implied warranty of merchantability or fitness for a particular
use. In no event, whether based in contract or tort shall BodyGuardz be liable for
incidental, consequential, indirect, special, or punitive damages of any kind
resulting from the use of this product. In no event shall BodyGuardz be liable for
damage in excess of the purchase price. BodyGuardz and the BodyGuardz logo are
registered trademarks of NLU Products®, LLC dba BodyGuardz.

BREAKDOWN

1 RELEASE LINER
A clear film to shield the adhesive side of the protector

2 SCREEN PROTECTOR
The shatterproof, synthetic glass that will protect your device

3 CAP SHEET
A clear film that protects the anti-smudge coating on the glass

4 PLASTIC SQUEEGEE
A plastic squeegee to apply hard, even pressure to the protector

5 INSTALLATION FRAME
This plastic frame will precisely align the protector to your device

BEFORE YOU BEGIN

Watch the install video at bodyguardz.com/install

☐ Remove case from your phone (if any)

☐ Place phone on a flat surface, screen up

☐ Clean your phone's screen thoroughly

☐ Use the provided dust removal stickers to pull off any dust particles

PRO TIPS

DUST REMOVAL
Due to the unique characteristics of curved adhesive, **it is critical there are no dust particles on your device** and that you slowly push out any air bubbles remaining after installation.

AIR BUBBLE REMOVAL
It may be easier using your thumbnail to push air bubbles toward the edges. Take your time using medium to heavy pressure.

If bubbles persist, use the squeegee to push and release them at the edges of the screen protector.
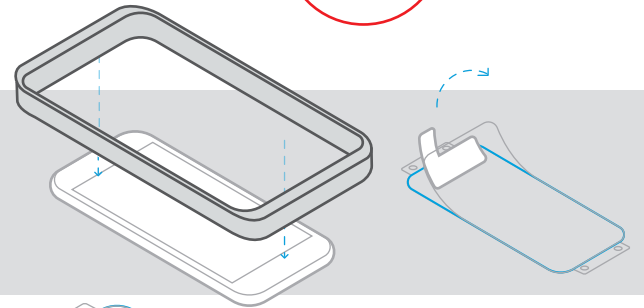

TO REMOVE PROTECTOR
Carefully lift one corner and slowly pull the protector off your device.

1 Firmly place the installation frame on top of your device. Next, while holding the protector, peel off the release liner to expose the adhesive.
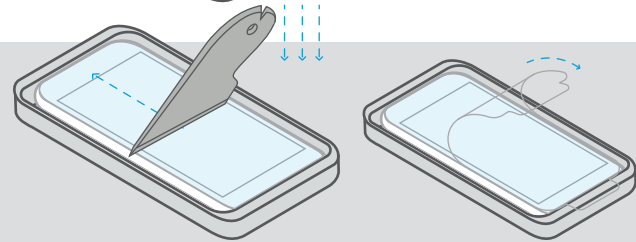

Orientation of the frame does not matter

**2** Use the installation frame to align and place the protector on the device.

3 Once aligned and placed, slowly push air bubbles out by running the plastic squeegee from the bottom to the top of the device. Use medium to heavy pressure. Repeat as needed. Remove the cap sheet.

4 Remove the installation frame. Adhere the protector to your device by running the squeegee along the edges to push out any remaining bubbles.

If bubbles persist, use the squeegee to chose and release them at the edges of the protector.

Nice Work! Installation is complete.
